

Job Opportunity: Golf Course Superintendent
Application Deadline: February 18, 2002

Moncton Golf Club is a semi-private 100-year-old club, located in beautiful Riverview, New Brunswick, this 18-hole golf course overlooks downtown Moncton. Throughout its history, the Club has hosted several National and Provincial events.

Working with the Club's Management and Board of Directors, the Superintendent will be responsible for all aspects relating to the upkeep, maintenance, and management of the course itself. This includes participation in weekly management meetings, annual planning and budgeting, long range capital planning, hiring, and training of staff, scheduling, safety, maintenance of equipment and all other aspects of maintaining the primary asset of the golf course.

Duties and Responsibilities:

- Plan and coordinate all golf maintenance and project work on the course including turf, vegetation, wetland, irrigation, and chemical applications to ensure a high standard
- Assist with the hiring, training, and scheduling of the turf maintenance team
- Supervises the turf maintenance team in proper and safe operation of mechanical and power equipment
- Assist with the preparation of an annual budget for the maintenance and capital improvement of the golf course
- Procure and manage all course supplies and maintenance equipment
- Participate in strategic planning meetings
- Plan and coordinate winter maintenance on the golf course
- Perform other duties as requested

Qualifications:

- Graduate of an acknowledged turfgrass management program
- Minimum of 5 years' experience in grounds and greens management
- Course renovation experience (irrigation, tee, and green construction)
- Very strong knowledge of disease prevention and control, fertilization, growth and control techniques, aeration, and hydrology
- Experienced in the development and implementation of sound agronomic policies and best practices
- Knowledge of purchasing, staff training, equipment maintenance and budgeting
- Knowledge of Workplace Hazardous Material Information Systems (WHIMIS) and Operational Health and Safety practices
- Valid driver's license
- Valid pesticide applicator's License

Desired Characteristics:

- Lead and teach by example
- Problem solving skills
- Ability to work effectively as part of the Management (clubhouse, finance, golf) team
- Passionate support of the club's vision and strategy
- Ability to consistently work irregular hours, nights, and weekends
- Adherence to budgets

Moncton Golf Club will offer a competitive salary with a comprehensive benefit package, participation in local/national associations and the opportunity to be part of an exciting and passionate member owned golf course.
